

Gwinoedd Organig Organic Wines

Medi / September

Organic September is upon us and to coincide with the Soil Association's month-long campaign, we have focussed our promotions on the many organic options in our portfolio. The organic market has enjoyed 10 years of consecutive growth, increasing in 2021 by 5.2%. (BWS) Beer, Wines & Spirits continues to be the fastest growing category, up 16.9% last year (Soil Association Organic Market Report 2022). We work with many producers throughout Wales and all over the world - here is a selection we think are worth a pour.

Presenting a range of Organic wines made only from organic grapes. Blas Ar Fwyd covers a range of Organic wines of all styles; red, white, sparkling etc.
